FIRE CREATES WOE AT FAIRCHANCE

Most Disastrous Conflagration in History of Town Extinguished Early Today With a \$60,000 Loss—Origin Unknown

BLAZE FANNED BY WIND

Methodist Church, the Jail, Municipal Building, a Patriotic Hall, Four Dwellings, Four One-Story And Several Other Buildings Destroyed

Fairchance, Pa., April 17—(United Press).—The most disastrous fire in the history of Fairchance was extinguished early today after flames swept through half a block of buildings on Main street causing a total loss of approximately \$60,000.

The fire, discovered late last night, was fanned by a high wind and soon was beyond control of the local volunteer fire department.

Aid from Brownsville, Uniontown, and other nearby towns was summoned.

Before the fire was placed under control the Fairchance Methodist Episcopal church, the jail, the Municipal building the Patriotic Sons of America hall, four dwellings, four one-story and several other buildings were destroyed.

The jail was unoccupied and a check up by police today showed no one was injured in the fire.

An investigation was started at once to learn the origin of the devastating blaze.

TOWN CLOCK IS ON A STRIKE

Monongahela's town clock, atop the Central High School building in the downtown section, went on strike Tuesday evening at 10 o'clock and so far has defied the efforts of several repairmen who have attempted to diagnose its troubles. After striking 10 that evening the striking mechanism continued to function for 15 minutes until it was run down. A resident near the school who had retired stated yesterday morning that the bell rang 42 times and then he lost count.

Last winter the clock suffered the same trouble and after defying the efforts of clockmakers to repair it, readjusted itself. The town clock has given over 40 years of efficient service in its tower, and aside from this its large lighted faces has proven an invaluable aid as a direction finder to river steamboat pilots on foggy nights. Rivermen know the clock as the "Big Ben Light."

JEWELRY AND CASH STOLEN FROM HOUSE

Pittsburgh, April 17. — (United Press).—Jewelry valued at \$2,500 and \$75 in cash were stolen from the residence of Harry A. Koch late yesterday, according to a report made to the city detective bureau today.

A negro maid employed just a few weeks ago, has disappeared and is being searched for in connection with the theft, which occurred while Mr. and Mrs. Koch were attending the prayer service at church.

Business Houses To Close Temporarily At Burial Of The Burgess

President J. Bryant Tussing, of the Charleroi council, called a special session of the body last night at the council chamber in the Municipal building, and inaugurated the meeting with an eloquent characterization of the dead Burgess, David R. Duvall.

His services as a citizen, both public and private, and in official capacity, were lauded by President Tussing, who appointed a committee, consisting of Councilmen Hugh E. Ferguson, Thomas P. Tweed, and John J. Oates to draw up resolutions of respect. These resolutions, which were read and ordered adopted, were as follows: "Your committee, appointed to prepare resolutions on the death of David R. Duvall, Burgess of the borough of Charleroi respectfully reports that they have prepared their following resolutions, and recommend their adoption."

"Whereas, Almighty God has seen fit to remove from our midst, David R. Duvall, Burgess of our town, therefore, be it

"Resolved by the Council of the Borough of Charleroi, met in special session, that we express to Mrs. Duvall and family, our heartfelt sympathy in this, their hour of sorrow be it further

"Resolved, that a copy of these resolutions be spread upon the minutes of this meeting; that a copy thereof be delivered to Mrs. Duvall, and that a copy be published in the Charleroi Mail and the Washington Observer."

"Respectfully submitted, Hugh E. Ferguson, John J. Oates, Thomas P. Tweed, committee."

President Tussing, in his prerogatives and powers as Acting Burgess, has issued a proclamation to the effect that all places of business in Charleroi be closed for a period of 10 minutes Friday at 10 a. m., during the private interment of the deceased.

At this time the fire bell will toll 10 strokes as indication of the request, and in respect to the last sad offices for the dead.

LIETT. REYNOLDS WILL BE HERE SATURDAY

Lieutenant Daredevil Johnny Reynolds, original human fly, who was to have appeared in Charleroi last evening and scale the Greenberg building at 7 o'clock, was unable to keep his appointment on a count of illness. A large number of Charleroi people gathered on Fifth street last night and were obliged to return to their homes disappointed. However, they will have an opportunity to see Lieutenant Reynolds Saturday afternoon at 1 o'clock, at which time he will climb up the side of the Hotel Charleroi building and then complete his stunt by balancing on 6 tables and 4 chairs at the top. In case of rain, Mr. Reynolds will perform at 7 o'clock.

ANTI-CLIMAX AT THE TRIAL ON FOR TODAY

Philadelphia, April 17—(United Press).—The climax of the Thaw insanity trial came to an amazing anticlimax today when the slayer of Stanford White took the stand and left it without being questioned.

Thaw's counsel announced that Mrs. Mary Thaw, Harry's mother, was ill and immediately rested their case. The party to oppose Thaw's release were caught unawares by the action of Judge Patterson in putting Thaw on the stand and their turning him over to the opposition.

After hurried consultation they announced, "no questions," the court adjourned until this afternoon.

The burden of proof is on the Thaw side, counsel for Evelyn Nesbit who opposed the millionaire's release said in an explanation of their move. "It is up to Thaw to prove himself sane, of he wants to be free. It is not for us to prove that he is otherwise."

Thaw was on the stand 11 minutes. The first minute was occupied with giving the name and age, "53," in a low voice. Then Judge Patterson turned him over to Phil Gray and Arthur Dixon, opposing counsel for any questions they might wish to ask. Thaw glared at them, but his features remained composed. His hands were folded in his lap.

Gray and Dixon consulted with their associates and kept Thaw sitting there. He did not appear nervous, but turned and smiled at the jury.

LEAVES ESTATE TO CHILDREN

In will recently entered upon the records in the register's office these estates are disposed of: Elizabeth Hall, late of Roscoe, leaves her estate, worth about \$1,500, to her nine children. She gives \$50 to her daughter and the residuary estate to her eight sons.

Piscilla Hudspeth, whose estate consists of \$3,200 realty and \$500 personalty, gives her estate to her eight children, except small money bequests to her grandchildren.

Margaret Matthews, late of Lawrence, gives her estate, estimated to be worth \$2,000 to her daughter, Mildred Evelyn.

Ralph A. McCrory, late of East Pike Run township, leaves his estate estimated to be worth \$2,000 to his wife.

Mari Bondi, of South Strabane township, has brought a damage action against George Puchariab, of that same township, in which \$1,000 is claimed. The plaintiff and defendants own properties in the Smith place that township. The plaintiff claims the defendant changed the course of a drain and lifted a culvert in such a manner that water has been diverted on to the property of the plaintiff, causing serious damage.

TO DECIDE ON NEW TARIFF OF BELL COMPANY

Harrisburg, April 17. — (United Press).—The public service commission today fixed Monday, April 28, at 9:30 a. m. for a hearing of the increased tariff of the Bell Telephone company of Pennsylvania.

All complaints which have been filed and which may be filed meanwhile will be heard by the commission at its session here at that time.

NOTICE. Because of the death of our Burgess, David R. Duvall, there will be no practice for the Firemen's play this evening. All members of the cast are requested to be out for practice tomorrow evening.

Royal Arcanums In Big Meeting Last Evening

Another very interesting meeting was held last night by members of Charleroi Council No. 1240, Royal Arcanum. Three new members were initiated in addition to several auxiliaries.

The membership of the Council has been increasing very rapidly in the past couple of months and the meetings have been most interesting.

Arrangements are now being made for the "Big" initiation class to be held at the Moose temple, Pittsburgh on April 26 as month. All members are urged to attend this big event, and those who expect to attend will please get in communication with the Secretary just as soon as possible. Special street car service will be rendered for this particular occasion.

NOTICE TO B. P. O. ELKS.

All members of Charleroi Lodge, No. 494, are requested to meet at the club house at 7:30 tonight, April 17, to attend funeral services of our late Brother, David R. Duvall.

Joseph L. Connell, Exalted Ruler.

A Team of Horses Running Wild Hit Motorman and Boy

Pittsburgh April 17. — (United Press).—A team of horses drawing a wagon ran wild in Wythe avenue today throwing the pedestrians into a panic and crashing into the front of a Lincoln avenue street car, injuring the motorman and an unidentified boy.

The driver of the wagon, Samuel Werner stated that the horses suddenly took fright and bolted into the street car.

PATRONS' DAY IN THE SCHOOLS

Interest in education is largely centered today on the annual exhibit of students' work, known as Patron's day, in the schools of North Charleroi. The schools are open to visitors, both this afternoon and tonight, and the attendance promises all that could be hoped for. The exhibits will be up to the high standard of the schools.

One of the features is the selling of cake, ice cream and Easter candy during the exhibit by the North Charleroi School and Community Association.

The public is cordially invited.

MRS. SAMUEL CLEMENTS DEAD AT GREENSBURG

Word has been received here of the death of Mrs. Samuel Clements, highly respected resident of Maple avenue, Greensburg, who died suddenly Wednesday evening following a few days' illness of pneumonia. Mrs. Clements is the mother-in-law of Miss John H. Clements of Greensburg, who is the daughter of Mr. and Mrs. W. H. Calvert of Fallowfield avenue. The deceased was well and favorably known in Charleroi, having visited at the Calvert home a number of times.

(Political Advertising) I am a candidate for the Republican nomination for Auditor General. Owing to the amount of time required for me to visit the different parts of the state, I regret that it is impossible for me to see in person the voters of my own county.

I therefore take this as my only opportunity to solicit your support and influence at the coming primary. (Signed) EDWARD MARTIN.

CHURCHWORKERS AT WEST ALEXANDER

The annual meeting of the Woman's Missionary society of Washington Presbytery was held at West Alexander yesterday in the Presbyterian church. Rev. Glenn M. Crawford is pastor of the denomination.

Three sessions were held—one in the morning, another in the afternoon, and the last one in the evening. The attendance and interest was highly satisfactory.

The morning session was presided over by Miss M. Blanch Moffat, of Washington, and after devotional exercises the minutes of the annual meeting were read by Mrs. William S. Vance of Washington.

The session was closed with messages from the boards given by Mrs. A. T. Taylor and Mrs. Homer Campbell and devotional services led by Mrs. Glenn Crawford.

Special Session of Executive Committee of W. C. I. A., Called For Saturday, April 26, By President S. T. Summerland

TWO DAYS FOR CARNIVAL

Four Separate Meets: One For Girl Athletes And Three For Boys—At Meet Plans For the Two Days of Competition Will Be Outlined And Arranged

Charleroi and community folk who are interested will note with a degree of satisfaction that County Superintendent S. V. Kimberland, president of the Washington County Interscholastic Athletic association, has called a meeting of the executive committee of the organization for Saturday, April 26, at which time final arrangements for the annual track and field meets for the boys and girls of the high schools of the county will be made.

Reclassification of the schools recently will necessitate that two days be devoted to the annual athletic carnival, instead of one as heretofore. Providing the authorities of Washington and Jefferson college are willing to permit use of College Field, it has been tentatively decided to hold the meets on Friday and Saturday, May 9 and 10.

Under the changes made in the constitution recently, four separate meets will be conducted; one for girl athletes and three for boys. Classes for the boys will be determined by the size of the schools they represent as follows: Class 1, all schools with enrollment in excess of 350; Class 2, all schools with enrollment ranging between 100 and 350; and Class 3, all schools having an enrollment of less than 100 students.

At the meeting of the executive committee, plans for the two days of competition will be outlined and arranged. While not officially announced as yet, it is expected that the program will call for all preliminary events to be contested on Friday, semi-finals on Saturday morning, and the finals in all classes on Saturday afternoon. Schools throughout the county are related over the reclassification code agreed upon and a larger representation is expected at the meet next month. At least 20 schools are expected to send representatives.

Louisville Fight Fans Think Harry Fay Will Wear McTigue's Crown

The Mail is in receipt of the following communication this morning relative to a Charlevoi boxer—a graduate of the Hilltop Athletic club, Harry Fay, which is self explanatory. Evidently the assistant sporting editor of the Louisville Post knows a Jones, veteran of 200 fights; Anthony boxer of skill, when he sees one, and we agree with him in the belief that Fay will yet wear McTigue's crown. His many friends will be pleased to learn that Harry has "won his way" into the hearts of Kentucky fans, and that he is the "fighting champion" of Kentucky.

Harry has been seen since the days of Marvin Hart. The letter is subjoined:

"Sporting Editor, Charlevoi Mail, Charlevoi, Pa.

"Dear Sir: Doubtless you are interested in the fortunes of one of Charlevoi's former sons, Harry Fay, who is climbing the ladder of fame in the boxing game at such an astounding pace. From present indications, Charlevoi fans have every reason to believe that Fay, a home town boy, will soon wear the crown that now rests on the Irish locks of Mike McTigue. This isn't guff. It is a sound prediction based on Fay's work since he has been down here in Kentucky.

"Harry has won his way into the hearts of Kentucky fans by his conscientious efforts in every bout. He began his string of victories about a

year ago defeating Soldier Buck, then the big drawing card in Louisville and considered as an opponent for Battling Siki. Fay followed this up by trimming Hugh Ross, the Kentucky light heavy champ; Frankie Jones, veteran of 200 fights; Anthony Downey, Ohio's sensation; Jimmy Derrah, Johnny Klesch, Tommy Edwards, Johnny Gill and a host of others.

"He journeyed up to Indianapolis, Ind., to force young Strizling to the

he came back to Louisville on the night of April 15 and knocked out George Berrata, the "Pennsylvania Thunderbolt," with a terrific left hook to the jaw in the twelfth round.

"Fay is the greatest drawing card Kentucky has seen since the days of Marvin Hart. He is a heavyweight in that sense the heavyweight, and that's saying quite a bit. For one as a boxing writer of ten years experience here and in Detroit, will say that Fay is the most dangerous contender in the light heavyweight division. He has everything a champion needs, speed, cleverness, punching power in both hands and a great fighting brain."

Fraternally yours,
Howard W. Hartley,
Asst. Sporting Editor,
The Louisville Post.

GETTING READY FOR THE GAME OF SUNDAY

Manager D. Cleve Mathers said yesterday that with the local field in first class shape, members of the Charlevoi Independents Baseball team are shaping up well for the coming contest, to be played in Cumberland, Md., next Sunday.

Mr. Mathers stated that the new men, Edmunson and McGeary look good, while Lou Phillips, his brother "Bill" Phillips, and the others who have been practicing fungo hitting and fielding, show encouraging form and will be able to take their places in the opening game here the forepart of next month confident of giving a good account of themselves.

10,000 IN CAST OF SCARAMOUCHE

Rex Ingram has produced a screen masterpiece from Sabatini's fiction masterpiece. Here is some idea of the epic proportions of the production. There are 30 principals headed by Alice Terry, Ramon Novarro and Lewis Stone and 10,000 persons in the cast. Fifty-five persons spent four months making the costumes. An army of workmen built a whole French village which covered sixty acres and which was faithfully reproduced to cobble-paved streets and shop windows filled with actual wares. Hundreds of thousands of yards of muslins, satins, brocades and velvets were required in the making of the gorgeous costumes worn by the actors and actresses.

Here is a production which in its action and colorfulness does justice to the greatest novel by the "modern Dumas of fiction."

At the Coyle for four days, commencing next Monday.

The Ladies Aid of the Methodist Episcopal church held their regular monthly meeting in the church rooms last evening with a good attendance of members present. The meeting was called to order by the president, Mrs. W. A. Watterson and business of importance thoroughly discussed.

Reports were heard from the different committees evidencing the good work that is being done by the ladies. Final arrangements were made for the mother and daughter banquet of the Queen Esther Circle which will be held in the church rooms May 9. Because of other activities during the present month, it was decided to postpone the Silver Tea until May 24. This arrangement met with the approval of all. Two new names were presented for membership. The aid enjoyed a short social hour during which social converse was the main diversion, after which the meeting adjourned.

SNYDER CLAIMS

EXCESS INSTEAD

OF A SAVING

Harrisburg, Pa., April 17.—(United Press).—In place of the \$40,000 a day saving for Pennsylvania taxpayers claimed by Governor Pinchot, there will be an excess expenditure of \$22,254,885.77 at the end of the current appropriation period, May 31, 1925, over the previous two-year period, State Treasurer Charles Snyder said today in the first of three interviews dealing with the administration.

Snyder's contention was based on an audit of state expenditures for the first ten months of the current biennium, compared with the preceding appropriation period ending May 31, 1923.

"Juggled" figures, Snyder said, were responsible for the apparent \$40,000 a day saving the governor has credited to his administration. The treasurer said Pinchot's statement was not supported by either facts or figures.

CARNEGIE HAS A \$25,000 CONFLAGRATION

Carnegie, April 17.—(United Press).—Two large frame structures were destroyed and an adjoining brick structure was damaged when fire broke out on Broadway and Brown avenue yesterday. The total damage was estimated at \$25,000.

WOODEN CROSSES MAY BE REPLACED

Indianapolis, April 17.—Favorable action by Congress on the resolution of Congressman A. Piatt Andrew of Massachusetts that the graves of American overseas dead will be marked with crosses of stone, to replace the wooden crosses, is certain, according to the belief of American Legion officials here.

A decision of the War Department to use another type of headstone brought forth a storm of protest from veterans, according to Legion officials and the matter was brought to the attention of the Legion's national executive committee. Endorsement of the proposal to continue use of the crosses and for replacement of the wooden cross with stone markers of similar design was sent to Congress by the committee. An exception will be made in the cases of Jewish veterans, the Star of David will be substituted for the cross over their graves.

THEORY AND CONDITIONS.

There has been some restriction of land armament or "militarism" so-called, and even of navalism, or military power at sea, but military power in the air seems to have escaped the ban, and in this third and most modern branch of the fighting forces there has been great expansion on the part of foresighted nations with reason to regard preparedness as imperative. England is reported to be disturbed over the development of military aviation in France, which

and possesses immeasurably the most powerful air force in the world. Apart from costs, a large military preparedness program is inconsistent with the pacifist policy of the Labor party, but Ramsay MacDonald's government has been compelled to go as far as approval of the naval program of its predecessor, which calls for five new cruisers and two new submarines—a smaller number than the United States and France propose to launch.

The Labor government is compelled to face conditions, in spite of its theory, yet in the presence of alarmist outcry still contends that aerial competition is not worth the candle. The Prime Minister in a recent speech saying: "There is absolutely no national security in military expenditure. The British commonwealth cannot be defended by fleets or armaments. People are beginning to feel there is something devilish in the operations now going on to increase armies, navies and air forces."

Col. George Harvey has broken his long and discheat silence with the announcement that "if the Republican can't elect Coolidge they can't elect any one," to which widely shared view the renegade Democrat made Ambassador to England by President Harding, adds the further information that he is now "an independent, independent"—whatever that may mean.

"Cuba is not the only Latin-American country where the revelations at Washington are making a bad impression, but the sure way to make the impression worse would be to cork up the mess instead of cleaning it up—Springfield Republican. In this country, strange to say, those who uncovered the mess are more denounced than the mess itself.

Italian emigration to Argentina in 1923 was 94,000 as compared with 58,000 to the United States—due in part to American restriction, but doubtless also in part to racial affinity with a Latin-American people. With its temperate climate and vast resources, Argentina is inevitably destined to greatness.

The authoritative spokesmen of the Steuben Society are advocating the banding together for political purposes of all persons of German blood in this country. The successor of the old German-American Alliance appears to be steadily carrying on that un-American organization's mischievous work.

A harp has been unearthed on the banks of the Euphrates dating back 3700 years. That was fully a thousand years before the captive Jews hung their harps on the willows "by the rivers of Babylon" because they had no heart to sing the songs of Zion in a strange land.

It is predicted that in five years women of fashion will use neither paint nor powder. Certainly a back-to-nature movement would seem to be in order, in view of the forbidding extremes now seen on every hand.

Though Stromboli, the volcano on an Italian island, has in recent times contented itself with noisy and ill-smelling eruptions that do little harm, its very name imparts the suggestion of power and terror.

London is greatly disturbed because there have been a dozen hold-ups by bandits there in three days.

Mark Twain merely characterized the report of his death as "greatly exaggerated." De la Huerta goes further and "brands as false" the report of his shuffling off.

Monkey's Bites Test Money

Owing to the spread of counterfeits in Siam, monkeys are being employed in the banks to test the currency, it is reported. Installed behind the counters, the monkeys test the coins between their teeth. If good, no marks are left on the metal, and the coins are thrown into a box at the animal's side. Should the coins be bad, the metal bears visible marks and is thrown on the floor, later to be swept up and destroyed.

Strange Animal Being Sought in Heart of Jungle

Deep in the depths of West African jungles, the "Nandi bear," depicted by natives as a ferocious species of man-eating hyena with striped skin, is being sought by scientists. The tales of frightened villagers and fragmentary reports from hunters indicate that the animal is taller and much more powerful than the ordinary hyena. In the last ten years, extensive explorations have resulted in the discovery of many new animals, among which the okapi, a large zebra-like creature, is regarded as the most important. Smaller animals are constantly being found and the old Roman adage, "Out of Africa, always something new," is almost daily proved true. Scientists believe, however, that there are few of the larger species that have escaped identification.

Auto Death in U. S. Every Thirty-Five Minutes

Every time the clock recorded thirty-five minutes during the last year, a person was killed on the highways of the country, and each minute, approximately three persons were injured, according to a report made by the American Road & Builders Builders were told. In twelve months highway accidents claimed a total of 15,000 lives and caused 1,709,300 injuries, according to the figures given. Uniform traffic regulations, established by all states, strict enforcement of these laws, systematic maintenance of roads and safety education in schools were urged to reduce the number of highway fatalities. In Wisconsin, a survey of accidents during the past year was said to have proved that most of them occurred on straight roads, largely due to attempts of drivers to pass one another. Railway grade crossings, however, were declared to be the most dangerous.

As he flew along the correct course, both letters were equally loud, but the moment he got off the course to one side or the other, one letter became noticeably louder than the other and showed him which way to turn to get back.

OUT DOOR CHAMPIONSHIP MEET.

The Scout troops throughout the Valley are busy working upon the various events for the Out Door Championship Meet, which will be held during the month of May, to determine the Boy Scout troop, which is proficient in shooting events of the out-door nature. The prizes for this meet will be the shields which were recently awarded at the In Door Championship held during February. Two troops from each town will be entered to represent their district in the big Council Championship, which will be held June 14. The program as outlined calls for a Track Meet in the morning of which the events are: 50 yard dash, 100 yard dash, 12 mile run, 800 yard relay race (4 men team), high jump, broad jump, shot put; after which the championship will be held in the afternoon, and will consist of the following events: First aid race, semaphore signaling, wire tag signaling, tug of war, patrol signal tower, knot tying, fire by friction. Water boiling, wall scaling. Medals will be given to the winner of the individual events.

120 BOYS ENJOY SWIM

Boys from Charlevoi, Monongahela City, and Donora, took advantage of the use of the Monessen Jr. High School swimming pool, on Saturday, April 12 to practice for the big swimming meet and to pick out their teams for same which will be held Saturday, April 26. Each troop is allowed a team of 6 boys in the meet all of whom must have a doctor's certificate of physical fitness, before they are eligible to enter the meet. The competitive events are: 50 yard dash, 50 yard breast stroke, 100 yard swim, 50 yard relay (team of 4 boys), fancy diving.

PATROL LEADERS COURSE

21 patrol leaders from Charlevoi and Monessen met at the Charlevoi Ball Park to begin the patrol leaders course, last Saturday. A short hike conducted by Executive Hall was taken, on which the boys received instruction in compass work. Scouts pace, fire making and cooking. Their next meeting will be held Wednesday,

April 16 in the Monessen Gym, at 7:30 p. m. at which time they will be instructed in games and drilling as well as sitting up exercises and the theoretical part of their duties as patrol leaders.

The 'Donora and Monongahela Scouts will begin their Patrol Leaders Course on Wednesday, April 23, and the second meeting will take place on Saturday, April 26 at 9 a. m., when they too will take a hike. The purpose of this course is to develop leadership in the boys in order that they may assist their Scoutmasters in becoming more effective in the Boy Scouts work.

CLEAN UP PLANS

Active plans are being developed in Monessen, Charlevoi and Monongahela City for Clean-Up week in which the Scouts are co-operating with the Health authorities, by serving as Health examiners, by cleaning up vacant lots and by assisting the authorities in any way that will make this campaign a success. A sanitary squad under Health Officer Darby of Charlevoi had been developed and will receive instruction on sanitary conditions affecting the community.

MONONGAHELA CITY PUBLIC DEMONSTRATION

About three hundred people attended the very interesting demonstration of Boy Scout work at the State Armory, Tuesday, April 11th, when the Monongahela Boy Scouts demonstrated the various activities which make up their program. The most enjoyable feature was the campfire scene, lead by Scoutmaster Kinports. The entire demonstration was under the direction of Scout Commissioner Johnson, with Scoutmasters McIsaac, Swift and Fagan, together with Assistant Scoutmasters Henderson, Merideth, Stevenson and Foster, assisting him.

The Truth

About this Light-Six—plus proof on proof

THIS Studebaker Light-Six is the supreme value in the "thousand-dollar" class.

It offers, not a few, but scores of advantages. In its chassis it represents the best that modern engineering knows. In its steels and quality of construction it is identical with the costliest cars we build.

This is to offer you proofs. Then urge that you see it before paying \$1,000 or more for a car.

Some evidence

The extra values which this car typifies have made Studebaker the largest builder of quality cars.

They have made these cars a sensation. Sales have almost trebled in three years. Last year 145,167 people paid \$201,000,000 for Studebaker cars.

The multiplying demand has forced an investment of \$50,000,000 in model plants and equipment. Of this, \$33,000,000 has been spent in the past five years, so the plants are up-to-date.

The engineering department which designs and superintends this Light-Six costs \$500,000 per year.

The machines which build it are modern and exact. 517 operations on this car are exact to 1/1000th of an inch. 122 operations are exact to one-half 1/1000th of an inch.

1,200 inspectors are employed to submit each car in the making to 32,000 inspections.

Infinite care

The steels are selected from 35 formulas, each one proved best by

years of test for its purpose. On some we pay the makers 15% premium to get them exactly right.

The crankshafts are machined on all surfaces, as was done in the Liberty Airplane Motors. This to give perfect motor balance, at an extra cost to us of \$600,000 yearly.

It has more Timken bearings than any other competitive car within \$1,500 of its price.

cars in this class called in auditors to compare the operating costs. They made comparisons on 329 cars, running up to 25,000 miles.

It was found that this Studebaker Light-Six cost for operation 11.4% less than the average of its rivals. This figure included depreciation. That meant \$207.50 saved on 25,000 miles. All because of this quality construction.

What it saves you

We build 150,000 cars yearly. All such major costs as engineering, dies, overhead, etc., are divided by 150,000.

We build in model plants, with modern machinery, which have immensely reduced the manufacturing costs.

A car like this, built under ordinary conditions, would cost you from \$200 to \$400 more.

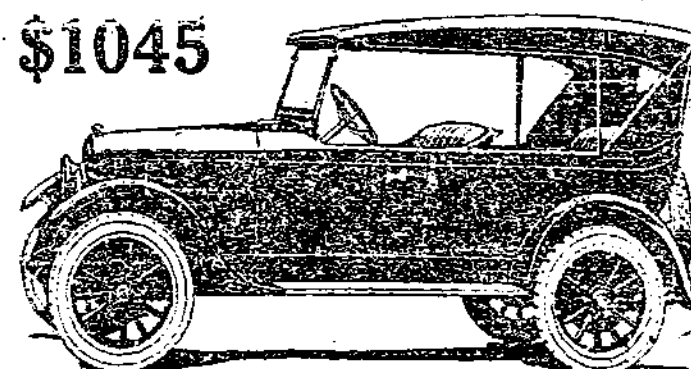

Learn, for your own sake, what that means to you.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any

car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

Studebaker Light-Six Scores of extra values

Built by the leader in the fine-car class. One of the cars for which people last year paid \$201,000,000.

Built in a model \$50,000,000 plant, producing 150,000 cars yearly. And saving you by quantity production from \$200 to \$400.

Built of the same steels, with the same care, as the costliest cars we make.

The car that saved 11.4% in operating cost under rivals. The car with 14 Timken bearings.

The equipment is unusual. The cushions are of genuine leather, and are ten inches deep.

Every part and detail accords with Studebaker traditions. And the name Studebaker has for 72 years stood for quality and class.

Pidgin English Used by Natives of Guam

Pidgin-English would sound phony to one who had never roamed the wilds of Guam. I was attached to the radio station there for nearly two years, and this is exactly the way the natives used to talk to us, and we to them. There's a peculiarity of inflection, sort of a singsong jump and flop to the Guam native's conversation that's difficult to describe. He sings you a song when he talks to you. This, I suppose, is owing to the narrow limitations of their own language. Their entire vocabulary comprising not more than 400 words, they have to make one word do the work of many, depending more on tone of voice than pronunciation.

For instance, the word affa. It means anything they make it mean. You see a native woman coming along, leading a child by the hand. The kid's a little slow on the lead, his attention on a goat, pig, chicken just passed, thus causing the old lady much irritation. She turns in her wrath, with her bare foot gives the kid a side swipe on the rump and snarls—

"Affa!"
Two minutes later the same woman meets a friend. She smiles sweetly, bows sedately and softly murmurs: "Affa."

It's all in the tune.—By Charles Victor Fischer, in Adventure Magazine.

How Missouri Became the "Show Me" State

There have been many explanations as to the origin of the expression, "I'm from Missouri, you've got to show me." One often advanced is that the marriage laws of Missouri in the early days were so loose that anyone could get married without answering many questions.

In 1881 a law was passed making it a misdemeanor for a minister or a justice to marry persons not having a state license. It also set the age of marriageable women at eighteen. If the applicant for the license did not know the age of his bride-elect he was obliged to show her to the license clerk and let him judge her age.

When the applicant went after the girl she naturally asked why she had to go along to get the license. When told that the law required her exhibition, she remarked: "Oh, you've got to show me, have you?"

It was thus, according to some authorities, that Missouri became known as the "show me" state.—Detroit News.
